**Happy CLEAN New Year
from your friends at
Alpha Tech Pet!**

Start 2012 off the right way by providing the safest, cleanest, **GREENest** environment for your animals with Alpha Tech Pet's complete line of eco friendly sanitation products.

A great place to start is by using our one step, broad spectrum disinfectant and cleaner, KennelSol.

Available in a variety of sizes and price points, KennelSol is a smart choice for all animal lover's budgets.

For those looking to bring their sanitation to the next level, Alpha Tech Pet is proud to recommend KennelSol APS, OdorPet and our complete line of laundry solutions: LaundraPet, OxxPet, and our newest innovation, SoapBerries.

for Pet Messes Anywhere!

Alpha Tech Pet, Inc.

New for 2012!
Alpha Tech Pet is
happy to introduce...

SoapBerries are a simple, "Green", cost effective solution for all of your laundry needs. Stop washing your clothing in harmful chemicals and "Go Green" with SoapBerries Laundry Detergent.

Centuries ago, the natural cleaning surfactant, Saponin, was discovered in the shells of the Sapindus family of trees and shrubs. The Sapindus Mukorossi, commonly referred to as "the soap nut tree" thrives throughout the foothills of the Himalayas. The shell of the Mukorossi contains the highest quality natural surfactant, or soap, in the world. Harvested only when the soapberry fruit falls from the tree, the shells of the fruit are removed and dried naturally in the sun, without any need for chemical processing. No commercial manufacturing processes are used to harness the remarkable cleaning power of Saponin. SoapBerries are 100% natural, unmodified dried fruit shells from the earth.
