Alpha Bio-Drain™

Bio-Active Drain Cleaner and Maintainer
For drains, septic systems, and garbage disposals

FOR ANIMAL CARE FACILITIES

EFFECTIVE BIO-ACTIVE ENZYMATIC ACTION - Formulated for Veterinary Clinics and Animal Care Facilities. Alpha Bio-Drain™ is the most powerful biological clog-relieving drain and *septic system product available to the animal care industry today. Using an innovative microbial technology, Alpha Bio-Drain™ is composed of a combination of billions of aggressive, naturally occurring enzyme producing bacteria, a unique grease cutting surfactant, and a fortified enzyme system that liquifies waste and keeps drains flowing, clear, and odor free. It insures the rapid breakdown of proteins, carbohydrates, cellulose, and fats. It contains no harmful acids or caustics and won't damage plumbing or *septic systems. It is safe to use, biodegradable, safe around animals, and safe for the environment.

LONG ACTING - Alpha Bio-Drain™ acts within minutes to eliminate odors through its patent pending powerful odor counter actant and continues working as its fortified enzymes, grease cutting surfactant and intelligent stabilized enzyme producing bacterial spores work together to keep your drains open and flowing free.

ECOLOGICALLY SAFE
1/2 GALLON CONCENTRATE

Alpha Bio-Drain™ is the most powerful biological clog-relieving drain and *septic system product available to the animal care industry today. Using an innovative microbial technology, Alpha Bio-Drain™ is composed of a combination of billions of aggressive, naturally occurring enzyme producing bacteria, a unique grease cutting surfactant, and a fortified enzyme system that liquifies waste and keeps drains flowing, clear, and odor free. Alpha Bio-Drain™ insures the rapid breakdown of proteins, carbohydrates, cellulose, and fats. It contains no harmful acids or caustics and won't damage plumbing or septic systems. It is safe to use, biodegradable, safe around animals, and safe for the environment.

USES - A superior drain opener, cleaner, and maintainer. For drains, *septic systems, sewage systems, and garbage disposals in Animal Care Facilities. *Not for use in septic systems in the State of Florida.

SAFE - Alpha Bio-Drain™ is easily measured and dispensed, absolutely harmless to humans and animals, and will not produce hazardous dust or harm soft metals, including aluminum. Alpha Bio-Drain™ is totally organic with no deleterious ingredients, has a near neutral pH, and is biodegradable.

DIRECTIONS FOR USE - Shake well before using. Alpha Bio-Drain™ works best when allowed to work uninterrupted. Whenever possible, run warm water through the drain for one minute prior to application. For clogged and slow running drains, add six (6) ounces of product directly into the drain opening. Add one cup of warm water into the drain to activate product. For maximum performance, let product work overnight. To maintain drains and keep them free-flowing, run warm water into drain opening then add two (2) ounces of product to each drain every two weeks. For maximum performance, let product work overnight. For garbage disposals combine four (4) ounces of product with one cup of warm water. Turn on the disposal, add solution. Turn off unit and do not use for at least two hours.

CAUTION - Keep out of reach of children. If ingested, induce vomiting. If splashed into eyes, rinse with cold water.
